Item	Base acreage on all eligible farms. On encolled farms On priting affine for a base acreage. On priting affine farms Portion of foral base acreage.	Total harvested acreage on all farms * Portion of base on all eligible farms. Measured acreage on participating farms. Portion of harvested acreage on all farms. Portion of base acreage on participating farms.	Total acreage diverted from feed grains Portion of base on all eligible farms. Portion of base on participating farms. Total acreage diverted to conserving uses. At the minimum rate. Portion of total A the additional rate. Total acreage diverted to substitute crops.	Average rate par acre diverted. At the minimum rate. Portion of total. At the additional rate At the partial rate for substitute crops. At the partial rate for substitute crops. At the partial rate for substitute partial rate for substitute partial rate for substitute partial.

May include duplication in instances where a farm gree barley as well as corn and grain sorghums.

Recludes Alaska, Hawasit, Puerco Rico and the Virgin Islands. Includes administrative areas defined by Agricultural Stabilization and Conservation Committee Offices. From December 1962 Annual Octo Production Summary. 4 4

Includes corp. Includes careage diverted to substitute crops.

Excludes payments for substitute crops.

Includes payments for substitute crops.

O. O. Tor lass.
